New Teams

Death On The Pitch Extra Time adds four new teams to the game: the Necromantic Horrors, the Nurgle Rotters, the Skaven Pestilens, and the Chaos Chosen. Each team has its own unique strengths and weaknesses, and they all bring a new level of violence to the pitch.

- **Necromantic Horrors:** The Necromantic Horrors are a team of undead creatures that are immune to pain and fear. They are also able to regenerate their wounds, making them very difficult to kill.

- **Nurgle Rotters:** The Nurgle Rotters are a team of diseased and bloated creatures that are covered in pus and boils. They are able to spread their diseases to their opponents, causing them to become poisoned and weakened.
- **Skaven Pestilens:** The Skaven Pestilens are a team of rat-like creatures that are obsessed with disease and decay. They are able to use their plague catapults to launch diseased rats at their opponents, causing them to become infected and die.
- **Chaos Chosen:** The Chaos Chosen are a team of elite warriors who have been blessed by the Chaos gods. They are incredibly strong and tough, and they are armed with powerful weapons and armor.

New Rules

Death On The Pitch Extra Time also adds a number of new rules to the game, including:

- **Extra Time:** The expansion introduces a new extra time period that is played if the game is tied at the end of regulation time. Extra time is played until one team scores a touchdown, or until the time limit expires.
- **Sudden Death:** If the game is still tied at the end of extra time, the game goes into sudden death. In sudden death, the first team to score a touchdown wins the game.
- **New Injuries:** The expansion adds a number of new injuries to the game, including broken bones, concussions, and even death. These injuries can make it difficult for players to continue playing, and they can even lead to their death.

- **New Weather Effects:** The expansion also adds a number of new weather effects to the game, including rain, snow, and fog. These weather effects can make the game more difficult to play, and they can even give one team an advantage over the other.

New Ways to Die

Death On The Pitch Extra Time is a brutal and bloody expansion, and there are a number of new ways to die in the game. These include:

- **Being crushed by a troll**
- **Being eaten by a ghoul**
- **Being burned by a firestorm**
- **Being drowned in a swamp**
- **Being decapitated by a sword**
- **Being poisoned by a plague rat**
- **Being crushed by a falling building**
- **Being struck by lightning**
