## **Essay Answer Examples**

For each sample essay question, we provide a brief example answer to demonstrate the key points and structure.

### **Answer 1**

Climate change is a pressing issue caused by various human activities, including the burning of fossil fuels and deforestation. The consequences are severe, leading to rising sea levels, extreme weather events, and

disruptions in ecosystems. To mitigate climate change, we need to transition to renewable energy sources and implement sustainable practices.

## **Answer 2**

Social media has profoundly impacted modern society, providing opportunities for connection, information sharing, and activism. However, it also raises concerns about privacy, misinformation, and addiction. To harness the benefits while mitigating the risks, we need to promote digital literacy and encourage responsible social media use.
