### **Myth 1: Intelligence is fixed and cannot be changed.**

**Fact:** Intelligence is not fixed, and it can be changed through education, experience, and training.

### **Myth 2: Only certain people are intelligent.**

**Fact:** Intelligence is not limited to a select few. Everyone has the potential to be intelligent.

### **Myth 3: Intelligence is only about IQ.**

**Fact:** IQ is only one measure of intelligence. There are many other types of intelligence, such as emotional intelligence, social intelligence, and creative intelligence.

**Myth 4: Intelligent people are always successful.**

**Fact:** Intelligence is not a guarantee of success. There are many factors that contribute to success, such as hard work, dedication, and perseverance.

**Myth 5: Intelligent people are always good at math and science.**

**Fact:** Intelligence is not limited to math and science. There are many other areas where intelligent people can excel, such as the arts, humanities, and social sciences.

**Myth 6: Intelligent people are always introverted.**

**Fact:** Intelligence is not limited to introverts. There are many extroverted intelligent people.

**Myth 7: Intelligent people are always perfect.**

**Fact:** Intelligent people are not perfect. They make mistakes just like everyone else.

**Myth 8: Intelligent people are always happy.**

**Fact:** Intelligence is not a guarantee of happiness. There are many intelligent people who struggle with mental health issues.

**Myth 9: Intelligent people are always rich.**

**Fact:** Intelligence is not a guarantee of wealth. There are many intelligent people who live in poverty.

**Myth 10: Intelligent people are always healthy.**

**Fact:** Intelligence is not a guarantee of health. There are many intelligent people who have health problems.

**Myth 11: Intelligent people always get good grades in school.**

**Fact:** Intelligence is not always reflected in grades. There are many intelligent people who struggle in school.

**Myth 12: Intelligent people always have high self-esteem.**

**Fact:** Intelligence is not a guarantee of high self-esteem. There are many intelligent people who struggle with low self-esteem.

**Myth**
