Before the Sundering

Chronicle begins with the creation of Azeroth and the Titans' efforts to shape the world. We learn about the Elemental Lords, the Old Gods, and the Keepers who were tasked with maintaining the balance of the world. However, the Old Gods sowed seeds of corruption, leading to the creation of the Black Empire and the imprisonment of the Titans.

The Sundering

The Sundering shattered Azeroth, dividing the world into disparate continents and triggering cataclysmic events. Driven by greed and ambition, the Kaldorei elves' reckless use of arcane magic caused the Well of Eternity to implode, reshaping the face of the world forever.

The Rise of the Horde

In the wake of the Sundering, the Horde emerged as a force to be reckoned with. Led by the cunning Gul'dan, the orcs of Draenor were corrupted by the Burning Legion and unleashed upon Azeroth. Their savage hordes ravaged the lands, setting the stage for epic confrontations between the Horde and the Alliance.

The First War

Chronicle recounts the events of the First War, a bloody conflict between the Horde and the Alliance. Human kingdoms fell, and the dwarves and elves fought valiantly to defend their homes. The war culminated in the Siege of Stormwind, a desperate battle that saw the Alliance narrowly triumph.

The Interbellum

Between the First and Second Wars, a period of uneasy peace descended upon Azeroth. However, this respite was short-lived, as the Horde regrouped and sought vengeance. The Shadow Council emerged, led by the enigmatic Deathwing, and plots were hatched to reshape the world once more.

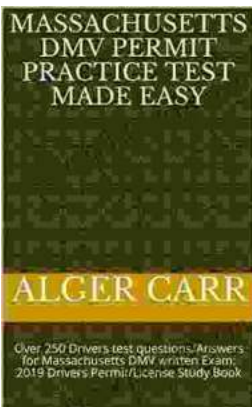

World of Warcraft Chronicle Volume 1: Lords of War provides an immersive and detailed account of the Warcraft universe's rich history.
